Launch Indy is a brand new co-working space in the heart of downtown Indianapolis. This hub of collaboration and innovation is designed to help local entrepreneurs launch their successes. Student participants will see first-hand how these startup companies use this space to flex their creativity and grow their businesses. They will hear from several entrepreneurs in the field of technology on what it takes to start a business, and how places like Launch Indy can help drive economic development, create new generations of successes, and build a stronger city.

Steak n Shake was founded in February, 1934 in Normal, Illinois. Gus Belt, Steak n Shake's founder, pioneered the concept of premium burgers and milk shakes. For over 80 years, the company's name has been symbolic of its heritage. The word "steak" stood for STEAKBURGER. The term "shake" stood for hand-dipped MILK SHAKES. Gus was determined to serve his customers the finest burgers and shakes in the business. To prove his point that his burgers were exceptionally prime, he would wheel in a barrel of steaks (including round, sirloin, and T-bones) and grind the meat into burgers right in front of the guests. Hence arose the origin of their famous slogan, "In Sight It Must Be Right." After 80 years, Steak n Shake continues the tradition of serving the best, freshest, and tastiest burgers and shakes all over the world. Student participants will visit the corporate headquarters and speak with leaders about the food industry and the leadership skills it takes to sustain such a successful business.
